## **C. Set Joint Public Hearing for Closure of Western Section of Bishop Street for Tuesday, January 13, 2026, at 7:15 p.m.**

Building and Zoning Official Hurley presented the request brought to the Planning Commission to vacate a section of road at the western end of Bishop Street. This request was made by the land owner on either side of that part of the road. He stated that there is a section of parcel at the end of the road that is owned by another party. It appears the only access to that parcel is via that road. There is some concern as to if it would landlock that parcel. The owner is being notified of this possibility. It appears that at current conditions it isn’t accessible via that route either. It is a small section on that side of the clinch river. It is unlikely that it could be developed in the future. He did clarify that any property owner that has land that touches that parcel in question and section that will be closed off will be notified by certified letter and invited to attend the public hearing so that they can bring any concerns if they have them. Councilmember Cline made a motion to set the

joint public hearing on Tuesday January 13<sup>th</sup> at 7:15pm. Councilmember Hankins seconded the motion. On vote, Councilmember Willis, aye; Councilmember Hankins, aye; Councilmember Cline, aye; Councilmember Keen, aye.

#### **D. Mountain Biking Project Update**

Manager Regon reported that efforts to obtain easements are ongoing. Communication has been challenging with one of the property owners; while they are interested, they have concerns about where the easement will be placed. We are open to discussing these concerns and finding a mutually acceptable solution, but we are currently waiting for their response. Another property owner requested an amendment to the easement, which has been provided and returned to them for review. Progress on the project is stalled until both easements are secured. It is advisable to hold off on starting the RFP process until the easements are finalized. Councilmember Cline recommended preparing for the RFP now so it can proceed as soon as the easements are in place, and Manager Regon agreed to move forward with this preparation.

#### **E. Treasurer's Department Update**

Treasurer Hayes provided a concise update on the progress during tax week. The department has collected 90% of Real Estate taxes, totaling \$823,675, and 78% of Personal Property taxes, amounting to \$153,960. These figures are consistent with the current budget projections, and as payments continue to be received, she anticipates reaching the established financial goals. Treasurer Hayes expressed appreciation for her team's dedication and affirmed that the office is fully staffed, with new hires actively undergoing training. She commended the staff for their effective management during this demanding period and conveyed her commitment to ongoing growth and development alongside her team.

#### **F. Budget Amendments**

On vote, Councilmember Willis, aye; Councilmember Hankins, aye; Councilmember Cline, aye; Councilmember Keen, aye.

#### **G. Fireworks Discussion**

Manager Regon reported that, following a question at the previous meeting, she investigated the requirements for certifying individuals to conduct fireworks displays. Certification involves passing an exam that costs \$280 per person, is valid for three years, and requires a score of 70% or higher to pass. Each show also needs a display permit. The process begins with meeting experience requirements, followed by certification. Fire Chief Thomas mentioned that several

firefighters are interested in obtaining their certifications. According to the Police Chief, there are enough events in Virginia to make fulfilling the experience requirements feasible. Manager Regon stated the fireworks discussion will continue at the January meeting, and updates from the Fire Marshall's Office will be provided.
