## Training Information

### Range Training

All officers are required to undergo initial and annual qualifications with all firearms they carry on-duty. The Tazewell Police Department goes above and beyond by allowing officers to complete this bi-annually, when ammunition is available. All officers must achieve a proficient score set forth by the state in order to carry their firearm. Our department maintains their own range, which enables us to train at any given time of day. Officers review and are issued copies of the “Use of Force” policy when training.

### Less than Lethal

All officers are required to undergo initial training and annual refresher training with any less than lethal weapon they carry on-duty. Officers review and are issued copies of the “Use of Force” policy when training.

### DCJS Certification

To maintain DCJS certification, officers have to go through forty hours of recertification every two years centered on Cultural Diversity, Legal and Career.

### In-House Refresher Courses

All personnel train each year on Duty to Intervene, Special Purpose Vehicles, Communicable Disease, DCJS Eyewitness, Bias-Based Policing, Use of Force, Line of Duty Death Benefits and AED Machine.
